3 - PLACEMENT INTO THE CHARGER

a- slide back the lock then insert slightly slanted earpiece

b- slide back up to lock in ear-piece

6 - TECHNICAL FEATURES

Audio

Codec	APT-X
Resolution	16bits / 48kHz
SNR	92 dB
Bandwidth	0,1 .. 14 kHz

Radio

Version	Bluetooth 4.2
Class	Class 2
Frequency range	2 400 MHz - 2 483 MHz
Bluetooth range	<10 meters

Battery

Type	CP1254A3 Coin Power 60mAh
Life	150 minutes continuously / approximately 6 hours in eco mode
Recharging	2 hours
Nominal voltage (DC)	3,7 V
User	5 to 45°C

Generals specifications

Material	ABS-PC
Weight	4 g
Size	(19.5x15x9)mm
Tip material	Silicone

4 - WARRANTY

Elements NOT covered by the warranty

This warranty only covers faulty parts and the manufacturing of the product. This warranty does not cover :

- Periodical maintenance and reparations or replacements of parts due to normal wear and tear
- Shipping and handling costs and the risks associated with the transportation and the retrieval of the product by the final customer
- All adaptations of the product which would be necessary to make it comply with the technical and/or security standards in a country other than the one for which the product was originally designed and manufactured for
- Consumable elements: elements that are scheduled to be replaced periodically during the life of the equipment (for example: ear tips, batteries over 12 months after the purchase date, and connection cables)

The deteriorations or defects of the product resulting in:

- A poor usage or installation of the product (for example: using the product in a way not intended, installation or usage not standard to **Digitear**'s instructions and to the technical standards or security in the country where it is used)
- Maintenance of the product non-compliant to Overline Systems' instructions or negligence in maintenance of the product
- Any mishandling of the product (ex: false manoeuvre, fall, shock, impact, immersion) or an inappropriate environment (ex: bad aeration, vibrations, exposure to humidity or excessive heat, contacts with a product (material or software), consumable, accessory or device non compatible or defective, an adaptation of the product towards its end of being put to conformity with technical or security standards in a country other than the one the product was originally designed and manufactured for
- A modification or a reparation of a product not made by a third party approved by Overline Systems
- Sinister (ex: fire, flood, earthquake, lightning)

Produit: **Digitear** (TX-Box, Charger Box, Beltpack, In-Ear)

24 months pieces or workshop labor

Battery: 12 months (starting the purchase date)

ACCESS POINT: covered by the manufacturer's initial warranty

Accessories alone will not be taken in by our reparation centers.

5 - CERTIFICATIONS

Tout changement ou modification apporté à cet équipement non expressément approuvé par OVERLINE Systems peut annuler l'autorisation d'utiliser cet équipement.

Any changes or modifications made to this equipment not expressly approved by OVERLINE Systems may void the authorization to operate this equipment.

Item (HVIN) : DE-NR InEar
Type identification : DE-NR-001
PMN : Digitear

FCC ID : 2ANZJDENR1
IC : 23304-DENR1

L'équipement est conforme aux exigences suivantes :

This product complies to the following requirements :

47 CFR Part 15
RSS-247 Issue 2
RSS-Gen Issue 4

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

(1) l'appareil ne doit pas produire de brouillage

(2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

NOTICE : This device complies with Part 15 of the FCC Rules and with Industry Canada licence-exempt RSS standard(s).

Operation is subject to the following two conditions:

- this device may not cause harmful interference, and

- this device must accept any interference received, including interference that may cause undesired operation.

Exposition RF (DAS)

RF exposure :

IEEE 1528-2013

RSS-102 Issue 5

Radiofrequency radiation exposure Information:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Radiofrequency radiation exposure Information:

The radiated output power of the device is far below the FCC radio frequency exposure limits.

Nevertheless, the device shall be used in such a manner that the potential for human contact during normal operation is minimized.
